VOL. LX: No. 43. REDWOOD CITY, CALIFORNIA SATURDAY, JANUARY 22, 1921 ESTABLISHED 1859

## DANCE QUESTION GIVEN AN AIRING MONDAY EVENING

There were lively times at the city trustee's meeting Monday evening when a large delegation was present representing the dance element of the city. Committees representing the Fraternal Ordr of Eagles, Redwood Parlor, N. S. G. W., Improved Order of Redmen, Foresters Hall Association and Redwood City local, No. 550, American Federation of Musicians, were present and presented resolutions setting forth the benefits derived from 3 o'clock dancing in Redwood City from a monitary standpoint, the moral phase of the question was not mentioned.

Trustee Tuchsen asked the several committees present whether their respective lodges had endorsed the communications presented to the board or if it was not a fact that the committees had prepared the same without the knewledge of their lodges. To this the represntatives of the lodges present stated that their lodges had indorsed the resolutions in open session.

Several members of the societies represented spoke in favor of the continuance of the 3 o'clock dances, but the argument was from a monitary standpoint and not from a moral point of view.

It was brought out that Redwood City people did not patronize the local dances to any great extent and those who did attend from this city were mostly girls. Mr. Tuchsen asked the delegation why the local boys did not attend, and suggested that there must be some reason.

The answer was that if a dance was given at Woodside the boys from Redwood City would be found there in large numbers. The reason attributed for this was that the boys *could have* a better time away from *home*, and the reason that so many outsiders came here to dance was on account of the excellent floor which has gained a reputation for Redwood City among the dancing public of the peninsula. After considerable discussion the matter was laid over until the next regular meeting when those opposed to 3 o'clock dances may have a chance to be present and express their views.

Many complaints have come to the attention of the trustees about the dances. Trustee Ryan stated that he was informed that at a recent masquerade ball held in Foresters hall, some of the costumes resembled those worn at Neptune Beach. It also developed that some would dance until midnight and go out to supper and after supper they would stroll about the city for and hour of so before returning to the hall. Trustee McNulty was of the opinion that the dances were not aiding the moral standing of the community when they were held until 3 o'clock in the morning.

The only feasible excuse offered in favor of the 3 o'clock dance presented was that the boys from San Jose and other distant points could not reach the hall before about 9 o'clock, and that they would not come if they could dance only two or three hours.

The question uppermost in the minds of the trustees was the moral effect of the dance. Why young girls could be benefitted by remaining out until the wee small hours of the night, with the chance of being escorted to their respective homes by strangers.

It is the desire of the trustees to hold a public hearing o nthe matter at the City Hall on the evening of the first Monday in February, at 7:30 o'clock. All those opposed to the 3 o'clock dance are requested to be present.

The P. G. and E. granted the city permission to make contact on certain power poles belonging to the company.

Permission was granted the P. G. and E. to set poles on Hancock street.

Chas. O. Carlson, of Palo Alto, made application for a plumber's license which was granted.

Fred Grant addressed the board in behalf of the fire department and asked for a few supplies such as brooms and first-aid kits, the latter to be used in case of an acident at a fire, also a daily newspaper and the Sunday Examiner. On motion the request was granted.

A 3 o'clock dance permit was granted the Redmen for January 22.

D. P. Flynn offered the city $50 for an old horse drawn road roller. On motion the offer was accepted.

On motion the city engineer was instructed to prepare plans and specifications for the reconstruction of Jefferson avenue, also Washington street from Broadway to the County Road and submit the same to the Street Committee.

The matter of sewer and water for the Boyd and Kent tract was brought up again by Trustee Mabie. This tract is outside of the city limits, therefore the board could do nothing in the matter.

Chief of Police C. L Collins asked the board for another Ford auto for the department The one bought last spring for the police force is in bad condition and needs overhauling. It was ordered that a new Ford be purchased.

Trustee Tuchsen presented the matter of buying a small tract of land, about 104 feet on Hilton street and 233 feet on Charter street, to be used for a pound, the price to be $425. On motion the tract was ordered purchased.

An offer of $35 was made by the citizens of Runnymede for the old fire bell on fire house No. 3, on motion the offer was accepted.

Chairman Ryan called the attention of the board to the gate at the west end of the Broadway street bridge being kept closed and locked which made it unhandy for the fishermen to handle their fish. After considerable discussion it was decided to have the city attorney take the matter up with the federal authorities and get exact data on the width of the creek at this point. This is a navigable stream up to this point and private property can only extend to the high water line. If this is the case the gate must be kept open.

### GOVERNMENT BY MEN

The Feredal Trade Commission sets forth in its annual report a long list of trade practices which it considers unfair and utterly indefensible. Most people will agree with the Commission. But matters of this sort ought not be left in the judgment or discretion of the Commission. If a practice is unfair and against the public interest, it should be so declared by law and acts in violation thereof should be made punishable after conviction before a jury. If an evil is sufficiently serious to be suppressed, it should be suppressed by law—a law spread upon the statute books where every citizen can read it. If it is not sufficiently serious to be condemned by law, it is not serious enough to be condemned and punished by a bureau or commission. One of the demands of the day is restoration of government by law instead of government by men.

### CORA LEIST PASSED AWAY EARLY MONDAY MORNING

Cora Leist, the young daughter of Mr. and Mrs. Fred Liest of this city, passed away at the home of her parents on Monday morning last after an illness of over a year. She was a native of Redwood City, aged 17 years. She was about to enter the high school when she became ill.

She was a bright, happy girl, whose death is a sad blow to her devoted parents and friends.

The funeral took place from the Redwood City Undertaking Parlors. on Wednesday morning, last. Rev. S. C. Thomas, rector of the M. E. church, conducted the services.

Mr. Thomas, among other things said:

"A peculiar sadness settled down upon the human spirit when it contemplated the death of a young person. We think of life then as just beginning. Aspiration, and hope attend youth at the gate of dreams. Death appears as a shadow of dense night blotting out a dawn. But to the Eternal Mind there can be no shadow—Life is relinquished here to be completed ni a realm where the barriers of this world are unknown. It is in the presence of death that the instinct of immortality is strongest—To the person who waits in God's presence beside the grave, there comes the consciousness that the loved and lost are not dead but living.

"Our 'everyday view' of life is a view from the wrong angle.

"There is no death! The stars go down
To rise upon some fairer shore,
And bright in heaven's jeweled crown
They shine for evermore.

"There is no death! an angel form
Walks o'er the earth with silent tread
And bears our best—loved ones away
And then we call them dead.

"Whene'er he sees a smile too bright,
Or heart too pure for taint and vice,
He bears it to that world of light
To dwell in paradise.

"And ever near us, though unseen,
The dear imortal spirits tread;
For all the boundless universe
Is life—there are no dead."

The soul has its high moments of spirited realization when

"A light to sky and earth unknown
Pales all their lights, a mightier force
Than theirs the powers of Nature own,
And to its goal as at its source,
His spirit moves the Universe.

Believe and trust. Through stars and suns,
Through life and death, through soul and sense,
His wise, paternal purpose runs;
The darkness of His providence
Is star-lit with benign intents."

### EDWARD GROUNDS FOUND GUILTY OF ASSAULT

Edward Grounds was found guilty of a criminal assault upon Mrs. Anna Birkinhagen, an aged woman of Daly City, on Tuesday. The jury was out only fourteen minutes when a verdict was reached on the first ballot. He will be sentenced on Monday.

Emil Novak, with Grounds at the time of the attack, was found guilty by a jury last week of assault with intent to do great bodily harm, and was sentenced by Judge Buck to serve from one to two years in San Quentin for the crime.

Grounds fled when Novak was captured by the police, and was afterwards arrested in Hanford, California, and returned by Marshall Henry Tofts of Daly City.

### MASONIC ORDER TO BUY ALHAMBRA THEATRE

It is reported that the Masonic lodge of this city has purchased the Alhambra Theatre building from Charles Josselyn and will soon convert it into a lodge hall. If the rumor is true, and we believe it is, the Masonic order will have one of the finest lodge homes on the peninsula. The Alhambra was built for Mr. Josselyn in 1895 by Robert Brown. It was of brick construction throughout and a class C building. The downstairs was fitted for two stores and these were occupied for years by Gabe Einstein and William J. Plump. The upstairs was fitted for show and dancing purposes. The floor is of the finest quality of hard wood. The interior is finished in natural wood an dbig beams 14 by 14 inches of hand hewn pine support the structure. In the earthquake the building was damaged but slightly and an artificial front was constructed. The property has a frontage of 50 feet on Main street and runs clear through to Walnut street in the rear.

**To Rent**—A two-room apartment, fire place and gas range, apply Mrs. Hurlbut, San Carlos.

### DUCK HUNTING REMINISENCES

Story No. 29

By Claude Fox.

There are surely none of the old timers now living who do not remember Michael Henry Thompson, and there are hundreds of boys and girls now grown to man and womanhood who will never forget his cheery good morning as they passed him on their way to school in this city while Mike, as he was familiarly called, was on his way to work at the old court house on Broadway.

Mike Thompson was a self-made man in its fullest sense. He was born before the word "grouch" ever became an accepted word in the English language. Of a sunny temperament, bubbling over with innocent fun, he made friends readily and what is more, held them, for there was no deceit, evil designs or hypocracy in his character. The knocker and schemer had no place in the ranks of Mike's acquaintances. He was straight-forward and manly in his every act. With a remarkable memory for names and faces he knew every school child he met and had a good word for them all. That is why I say, the boys and girls of his day will never forget him. There are others, retired politicians, who can hardly cease to remember him, for some of them would never have held office were it not for the popularity of Mike Thompson and the earnest efforts he made in their behalf to insure their election.

But listen, do you remember him when he was a little boy between seven and ten years of age? Yes there are some who do. The few pioneer residents of this city who survive certainly do. Then there is Will Plump, George Botsch, Fred Stalter, Henry McGarvey, Ed. Bullivant, Jim Cullen, George Gilbert, Dan Stafford, Antone, Pete and Louis Genochio and several others who cannot forget the happy-go-lucky little boy when he first appeared on the streets of this city, bare-footed and clad in blue overalls and jumper.

Mike's father was killed up in the Canyada, near Woodside, by a falling tree, and the mother, after the funeral, found herself face to face with the world, with little in the shape of a heritance, except two small boys, Thomas and Michael. Did she falter? No. The same blood coursed in her veins as flowed through those of the subject of this story, and he never quit but upon one occasion, the call out of the darknes which it is claimed pressages the light, and one to which we all must sooner or later listen, whether we will or not.

The widow of John Thompson, who had been suddenly bereft of husband and father, came to this city and rented a small cottage down on Pine street, between Phelps and Heller and settled down to her task of feeding, clothing and educating her two fatherless boys. There was plenty of work in those days and all necessaries of life were cheap, better times than you or I will ever see again. She took in washing, in fact done everything that a good woman could do, while the two boys, Mickey and Tommy, as they were called upon the street, ran errands, sawed and packed in wood for the neighbors, to help their mother in her unequal struggle. Be it said to her credit that she succeeded in her efforts. Thomas, when he grew up went east and held a responsible position in a large foundry in Pittsburgh. The political career of Michael is too well known to most of the readers of this article to need repetition.

When he reached manhood he married Miss Hilma Sahlberg, and as a result two bright interesting children were born, a boy and girl, Myron and Azalea Thompson, both now grown up and holding responsible positions respectively in this city and San Francisco.

But turn backward a few pages in life's memories. From the time I first met Mike Thompson it was more than evident that he had "duckitis" planted within him very deeply. He was a little fellow, quick, active, wiry, could run like a rabbit and swim like a crippled blue-bill. Fred Stalter and I were then hunting together. Sometimes Ed. or Jim Cullen was with us, and nine times out of ten we were accompanied by Mike, for he could not be kept at home or school when the bang of a shotgun resounded from the marsh. At that time we were out shooting nearly every day in winter. The little fellow, if we had started too early, would wander down to the old John Offerman corner at Main and Phelps street and ascertain from the boys playing marbles whether any of the trigger pullers were down in the tules If any of us had departed Mike was off like a march hare. Many a wild duck, rail and plover we slipped him for his invaluable services, and believe me he took them right home to the mother who was doing so much for him. Half way down the First Fence toward the marsh stood a dilapidated wind mill frame about fifteen feet high. This was Mike's observatory. Climing up on the platform he would patiently scan the marsh for the boom of a number twelve and the cloud of smoke which followed. Then with a bound he was off in the direction of that sound. No slough wa stoo wide or deep for him. He never took the trouble to follow around a creek. The short-cuts were good enough for him. If the tide was up when he reached the bank of a wide slough his jumper and overalls came off in a jiffy. Holding his clothes in the air while he swam on his back was an easy matter for him. How often after firing at ducks out on Bushy Creek, I have looked around, heard some one yelling, "I'm coming," just as though I had telephoned for him, and observed a lad running breathless toward me, sometimes clad in blue jumpers, more often naked, ready to plunge in and recover my ducks. Mike developed, as other boys grow, and the happiest day of his life was when he became strong enough to hold out a shotgun and we trusted him to sneak up and take a shot at rail or duck. He proved on apt pupil and developed into a good wing shot. Afterwards he and the late Ed. Cullen hunted a great deal together, but he often said that he acquired more real pleasure and enjoyment when he was plunging into the cold waters of the marshland retrieving birds for Fred Stalter and myself.

Mike Thompson sleeps with "Bill" in Union cemetery ,but the memory of my association with him while duck hunting will linger long and by the school boys and girls and his political associates of his time the name of manly, conscientious, straght forward Michael Henry Thompson should never be forgotten.

## OIL DRILLING TO START SOON AT SAN GREGORIO

Mr. Webb, son of Attorney General U. S. Webb, and W. S. Heltzer, were here several days this week arranging to ship large quantities of machinery to the Bell ranch at San Gregorio from this point. The property has been leased to oil magnates who are going to drill for oil at once. All the rigs will arrive from San Francisco and be taken over the mountains in trucks. The promoters of the oil industry in that locality hope to secure oil in paying quantities. There is a well on the ranch at present that produces ten barrels a day. It is a high-grade product that will bring in the open market from $5 to $10 a barrel. Many wells will be drifted so that the promoters hope to bring in a number that will make the enterprise a paying one. Large sums of money are to be expended in developing the fields in that locality. The company has leased 1800 acres of land and a thorough test is to be made.

It is believed the Standard Oil Company is behind the project. As all shipments or machinery will be made from Redwood City and as this place will be the headquarters for the promoters and others the activity might mean a boom for this city as a great oil center. Shipments of machinery will begin next week. Development work is now on and is to be pushed with vigor.

The elimination by the House Appropriations Committee of the item of $10,800,000 for further construction of the Muscle Shoals power and nitrate project in Alabama has aroused southern members in both Houses of Congress, and a determined fight to reverse the action of the Committee is assured. There is also pending in the Senate a bill proposing a Federal corporation to operate the plant when it is completed, and the provisions of that measure will have a marked influence on the cours of the debate on the appropriation item.

### MANUFACTURING CONCERN MAY LOCATE HERE

Maurice L. Ried, president of Reid Brothers, Incorporated, visited Redwood City last week seeking a location for the factory this company will build in California this spring. Reid Brothers are the largest manufacturers of hospital supplies in the world. Their present main factory is at Seattle. The new plant will cost $225,000.00.

The possibility of this plant locating at Redwood City is heightened by the fact that the company's chief requirement is unlimited room for expansion. The factory must be built somewhere around San Francisco bay to facilitate shipments to western and southern state as well as to the Orient and South America. Reid Brothers have for years maintained a distributing plant at San Francisco and the convenience of shipping has induced them to establish their new factory in this region.

Most of the sites available in San Francisco proper are restricted in size. The record of this company shows that the future demands extensive factory space. Although the company is but twelve years old and went through its first year's business on a working capital of less than $1000, it is today the largest concern of its kind in the world and has an annual turnover of a million dollars. Each succeeding year has almost doubled the business of the past and Reid Brothers greatest problem has been building factories fast enough to handle the business brought in.

Reid Brothers have equipped and furnished hospitals in every city in America and throughout the Orient as well as in Europe. Their equipment has become standard in many places.

This firm was the pioneer in selling direct to doctors and hospitals, and with the reputation they had built and 20,000 customers on their books, the demands made upon them may be appreciated when it is known that the number of hospitals in the United States has increased from a few hundred in 1900 to more than 8,000 in 1920—and this proporition is true in practically all countries.

# COUNTY BOARD IN REGULAR SESSION

A communication was received from A. W. Tate of Watsonville, applying for the position of Horticultural Commissioner of San Mateo county, made vacant some time ago by the resignation of H. E. Woodworth. Tate stated in his letter that he had been notified by the State Department of Horticulture that he had passed the examination held in the courthouse in this city on December 8th for the above position.

Supervisor Mac Bain addressed the board in the matter and said he understood several local applicants for the position had passed the examination in December, but that no official notification had been received by the board. Upon his motion, esconded by Mrs. Brown, action in making the appointment was laid over until the Department of Horticulture has been heard from.

A communication was received from the board of supervisors of Kings county, enclosing a copy of a resolution adopted by that body, urging the retention of the clause in the State Motor Vehicle Act, which permits each county to regulate the weight of loads that can be carried on motor trucks over the county high ways.

The plan already having been favored by the San Mateo county board, the communication was ordered referred to District Attorney Swart with a request that he draw up a similar, but stronger resolution, to be presented to the board for adoption before adjournment.

Dr. F. Holmes Smith, county health officer, submitted a report, in which he stated that he had visited the following named hog ranch owners in the Colma district, operating in conflict with County Ordinance No. 250, and he had submitted the names to District Attorney Swart with the request that the latter draw up he necessary papers:

Rudolph Mitchell, Charles Frahm, Louis Martini, Dario Cortopassi, Geo. Ravn, Alfred Scramm, Faustino Gianni, A. Del Grandi, F. Di Vecchio, (partners) Joseph Bockstaller, William Kahle, Henry Kluge and Henry Belcher.

Dr. Smith stated there are still three or four others whom he has under investigation, relative to their location as to whether their property is within the lines laid down by the ordinance.

Mrs. Nash, the clerk, was directed by Chairman Thompson, to request Mr. Graef to hereafter state in his monthly reports just where the work is being done in the county.

On motion of Hickey, seconded by MacBain, the salary of Dr. J. A. McGovern, detnist at county dental clinic in South San Francisco, appointed to the position last November was fixed at $35 a month for one-half day's service each week.

In connection with the above, Supervisor Hickey stated that Dr. McGovern has been giving a great deal more time than one-half day a week to the clinic.

A communication was received from John D. Griffith of San Bruno, making complaint about the overflow of two sewers at that place. As the sewers in question are within the city limits of San Bruno and the board of supervisors has no jurisdiction in the matter, Mrs. Nash, the clerk, was ordered to forward the communication to the city health officer of San Bruno.

Attorney John Davis of Burlingame presented two claims to the board one in the sum of $1,513.37 and the other for $417, the first being rebate claimed on account of county taxes collected on the first installment of 1920-1921 for Burlingame Highlands and Hale Tract, which tract was annexed to the City of Burlingame on March 5, 1920, and the second claim for the rebate claimed due on account of taxes paid into the county treasury from April 5, 1920, to July 1, 1920.

The first claim was accompanied by an opinion from District Attorney Swart covering the law in the matter. Supervisor Hickey, in whose district the above tract is situated, stated that he felt that the first claim of $1,513.37 was proper, but the second amount, $417, was not due the city of Burlingame, and on his motion, seconded by MacBain, action on both claims was laid over until the first meeting in February.

Supervisor Hickey addressed the board and urged the passing of an ordinance regulating the conducting of circuses, carnivals, merry-go-rounds and the like in the county. He said an ordinance of some kind was passed years ago, which is no longer effective. Supervisor Hickey told of a big carnival now being held at Colma, very much against the wishes of the citizens of that place and which was taking a great deal of money away from the town. He had been appealed to, he said, but was powerless to do anything on account of the lack of a conuty ordinance.

On motion of Hickey, seconded by Mrs. Brown, District Attorney Swart was asked to draft the necessary ordinance covering the situation and submit the same to the board at a later meeting.

On motion of Mrs. Brown, seconded by Hickey, the sum of $7,200 was ordered transferred from the general fund to the San Gregorio-La Honda oiling fund.

Two claims, one of Wisnom-Bonner Hardware Company, San Mateo, in the sum of $17.15, for hardware, and the other of C. C. Conrad, in the sum of $5.00, being for transporting an insane man from South San Francisco to the hospital at Agnews, were allowed, on motion of Mrs. Brown, seconded by Hickey.

District Attorney Swart presented at this time the resolution relative to the retention in the Motor Vehicle Act o fthe clause giving the different counties jurisdiction in the matter of weights of loads to be carried over their highways.

### CAPITAL CHAT

Senator Boies Penrose of Pennsylvania, who has been absent from Washington for a year on account of illness, is back at his desk and has resumed his place at the head of the Senate Finance Committee. Consideration of the emergency tariff bill recently passed by the House has been taken up under Senator Penrose's direction. It is believed doubtful by many Senators whether it is feasible to try to pass the measure through the Senate at this short session, in view of the crowded condition of the calendar, the press of appropriation bills, and the certainty that the President would veto any tar iff bill that the Republican Congress might enact.

### JUDGE GRAHAM FOR DISTRICT JUDGE

In all probability there will be a vacancy on the federal bench some time after the inauguration of Warren G. Harding. Judge Morrow who has reached the retiring age will most likely resign the circuit judgeship and it is within the range of possibility that Judge Van Fleet, who is now the district judge, will be promoted to the vacancy.

There is a bill now pending before congress creating a new district judgeship. So there may be two appointments to be made this year by the incoming president. Of course there will be many applicants for the two places for a federal judgeship is a life position and one of honor and influence.

We know of no man better fitted or more worthy for a district judgeship than Judge Thomas F. Graham, who has been on the superior bench of San Francisco for over twenty years. He is known as the great Reconciler, throughout the country for his efforts in bringing together husbands and wives that have been separated. His gentle and fatherly advice has healed many a wounded heart, has brought happiness where it did not exist before and has reconciled families that have been separated for years. He presides over the divorce department and in that position has had an opportunity to use his kind offices. His persuasive eloquence, good logic has caused warring husbands and wives to be reunited and leave his courtroom arm in arm. Wives and mothers throughout the country would be pleased to learn of such an appointment and their prayers would be wafted on high in thanksgiving for such a selection.

Judge Graham has a brilliant legal mind, a splendid judicial temperment and is learned in the law.

Judge Graham has had fewer reversals by the supreme court than any other judge in San Francisco. His decisions are sound, full of legal wisdom and are usually sustained by the higher tribunal.

In private life he is a pure, sincere and wholesome man. His character is beyond reproach.

Judge Graham's appointment would be a popular one. The bar of the state is behind him. No man could secure better endorsements.

He is very friendly with Samuel M. Shortridge and also with Senator Hiram Johnson, both of whom recognize his ability and qualifications for the judgeship.

His many friends hope the federal ermine will fall to his shoulders.

### IMMIGRATION HEARINGS

The Immigration Committee of the Senate, presided over by Senator Le Baron B. Colt, of Rhode Island, has begun hearings on the emergency immigration bill passed by the House in December. The first witness heard was Congressman Albert Johnson of Washington, Chairman of the House Imigration Committee, the sponsor of the measure. Opponents of the bill headed by Representative Isaac Siegel of Ne wYork, will also be given full opportunity to express their views. There is a long list of witnesses, but it is hoped to conclude the hearings within a few days, and prepare the bill for report to the Senate. The bill introduced by Senator William P. Dillingham of Vermont, providing for a selective rather than a restrictive system for controlling immigration, will also be considered by the Committee, and the measure to be reported will probably contain the best features of both the House and the Dillingham bills.

### DAMN THE WILSON DAM

The elimination by the House Appropriations Committee of the Item of $10,800,000 for further construction of the Muscle Shoals power and nitrate project in Alabama has aroused southern members in both Houses of Congress, and a determined fight to reverse the action of the Committee is assured. There is also pending in the Senate a bill proposing a Federal corporation to operate the plant when it is completed, and the provisions of that measure will have a marked influence on the cours of the debate on the appropriation item.

### "DIE WACHT AM RHEIN"

Congressman Fred A. Britten of Illinois has given notice of his intention to introduce a resolution asking the President to communicate with the French government looking to the removal from Germany occupied territory along the Rhine of French colonial troops. In presenting the resolution Mr. Britten intends to submit with it a petition signed by about 30,000 American citizens urging its adoption on the ground that the "semi-civilized African troops" are committing many crimes that ought not to be tolerated.

# COUNTY BOARD IN REGULAR SESSION

A communication was received from A. W. Tate of Watsonville, applying for the position of Horticultural Commissioner of San Mateo county, made vacant some time ago by the resignation of H. E. Woodworth. Tate stated in his letter that he had been notified by the State Department of Horticulture that he had passed the examination held in the courthouse in this city on December 8th for the above position.

Supervisor Mac Bain addressed the board in the matter and said he understood several local applicants for the position had passed the examination in December, but that no official notification had been received by the board. Upon his motion, escconded by Mrs. Brown, action in making the appointment was laid over until the Department of Horticulture has been heard from.

A communication was received from the board of supervisors of Kings county, enclosing a copy of a resolution adopted by that body, urging the retention of the clause in the State Motor Vehicle Act, which permits each county to regulate the weight of loads that can be carried on motor trucks over the county high ways.

The plan already having been favored by the San Mateo county board, the communication was ordered referred to District Attorney Swart with a request that he draw up a similar, but stronger resolution, to be presented to the board for adoption before adjournment.

Dr. F. Holmes Smith, county health officer, submitted a report, in which he stated that he had visited the following named hog ranch owners in the Colma district, operating in conflict with County Ordinance No. 250, and he had submitted the names to District Attorney Swart with the request that the latter draw up he necessary papers:

Rudolph Mitchell, Charles Frahm, Louis Martini, Dario Cortopassi, Geo. Ravn, Alfred Scramm, Faustino Gianni, A. Del Grandi, F. Di Vecchio, (partners) Joseph Bockstaller, William Kahle, Henry Kluge and Henry Belcher.

Dr. Smith stated there are still three or four others whom he has under investigation, relative to their location as to whether their property is within the lines laid down by the ordinance.

Mrs. Nash, the clerk, was directed by Chairman Thompson, to request Mr. Graef to hereafter state in his monthly reports just where the work is being done in the county.

On motion of Hickey, seconded by MacBain, the salary of Dr. J. A. McGovern, detnist at county dental [illegible] San Francisco, ap- until the first meeting in February.

Supervisor Hickey addressed the board and urged the passing of an ordinance regulating the conducting of circuses, carnivals, merry-go-rounds and the like in the county. He said an ordinance of some kind was passed years ago, which is no longer effective. Supervisor Hickey told of a big carnival now being held at Colma, very much against the wishes of the citizens of that place and which was taking a great deal of money away from the town. He had been appealed to, he said, but was powerless to do anything on account of the lack of a conuty ordinance.

On motion of Hickey, seconded by Mrs. Brown, District Attorney Swart was asked to draft the necessary ordinance covering the situation and submit the same to the board at a later meeting.

On motion of Mrs. Brown, seconded by Hickey, the sum of $7,200 was ordered transferred from the general fund to the San Gregorio-La Honda oiling fund.

Official endorsement of the work of the European Relief Council in raising funds for the relief of the children of central Europe is contained in a resolution introduced by Senator Howard Sutherland of West Virginia. What the Council is doing and the necessity for its support is reviewed in the preamble, and the resolution itself reads as fololws:

"That the Government of the United States officially indorses the relief work undertaken by the European Relief Council and earnestly calls upon the people of the United States to contribute out of their substance to the humanitarian activities of such organizations."

## KNIGHTS OF PYTHIAS INSTALL OFFICERS

With the installation of officers and the get-together fraternal spirit as manifest at the big feed following the impressive installation ceremonies at the Odd Fellows hall, San Mateo, last Monday evening Redwood lodge, No. 82, Knights of Pythias, starts out in their work for the new year under most flattering and encouraging auspices with an enthusiastic set of officers practically all of whom are young men that are filling the important chairs, the Pythian veterans who are still active and enthusiastic in the work and who have passed through the chairs being content with the minor offices. Harry Binns, the Pythian veteran, who was inducted into the humble but important office of outer guard ranks next to veteran Jno. E. Cowgill who has just passed from the Chancellor Commander's chair to that of Master of the Work. Binns, boasting continuous membership since he joined the order in the Buckeye state in 1892, Cowgill having held membership since he first attached himself to the organization as his first love in the old Blue Grass state in 1890. While these old vets are marching along in years they are still as young in spirit as the youngest member of the lodge, and can drink as much black coffee as any of them and get up as refreshed and early the next morning, and to them the evening sun still shines golden on the towers and temples of ancient Syracuse as it did in that long ago when Pythias looked out upon the vast throng facing the headman's axe as hostage foo his friend Damond And these old-timers are still determined that those who pass the portals of their castle hall shall win the golden spur of a Knight as have all those who have gone before. They are both happy in the distinction, that of being the oldest in point of membership who are still actively engaged in the work than any member down the peninsula who is associated with the Past Chancellor's Association.

In the absence of Deputy Grand Chancellor Shaver, the installation ceremonies were conducted by former deputy Harry Binns, assisted by Past Chancellor Simpson, who installed the following officers:

Chancellor commander, Chas. A. Ginnever; vice-chancellor, Clarence E. Haydock; prelate, George Benoit; master of work, Jno. E. Cowgill; keeper of records and seal, Glen N. Bale; master of finance, Theo. Fender; master of exchequer, Jno. E. Carlson; master at arms, Chris Ild; inner guard, Henry Clay Nelson; outer guard, Harry Binns; past Chancellor, Jno. E. Cowgill.

Now that young men 18 years old are eligible to membership in this splendid organization these young officers expect to place many of their young friends on the membership roll of Redwood lodge, No. 82 during the year 1921.
